About my breed

We guinea pigs are quiet, don't like to chew things that aren't edible, and are most happy in our cage. We are easy to handle and spend most of our time hiding in tubes and eating hay.

Health & Grooming

I'm very good at grooming myself but my human grooms me regularly and takes to me to the vet whenever I need a check-up. My human owner bathes me with shampoo that stops me getting fleas, and even cleans my cage for me.
